

Are you looking for a partner ?

We have worked as a member of a number of Walloon and European partnerships, including:

- SPAN
(Strategic Planning Action Network)
- E-Grade
(network of local development stakeholders in neighbouring territories)
- ADL
(cross-border cooperation training).

We are also :

- One of the Walloon participants in the LEADER initiative.
- Facilitator of the Wood-Energy Plan for the public authorities.
- Facilitator of the Saint-Hubert Forest Integrated Management Plan.
- Project leader of the Walloon Rural University.

Living, dynamic villages thanks to the participation of local people and to well planned strategies.

The Fondation Rurale de Wallonie

**A Walloon and
a European partner**

Our profession

To help communes devise and implement their rural development strategy.

On a day-to-day basis, we are catalysts, provide advice and act as a relay among local people, their associations, elected representatives and administrations.

Our assets

Know-how

- Organising consultation between stakeholders to define development strategies and implement projects in a rural context.
- Mediating the different interests.
- Practical training for development officers.

Expertise

- Wood-energy.
- Architectural heritage.
- Town and country planning in rural areas.

We have a documentary resource centre on rural issues that is unique in Wallonia.
